

UI/UX Design BROCHURE

Ministry of MSME, Govt. of India

About Alocodes

Alocodes is an EdTech initiative by Alomonx Technology, created to provide high-quality coding, AI, and cloud training to students, job-seekers, and professionals. We believe that skills matter more than degrees, and our mission is to deliver industry-level training that prepares learners for real-world jobs.

Program Overview

Step into the creative world of UI/UX Design with our industry-oriented training program. This course is designed to help students master the principles of user interface and user experience design, from wireframing to prototyping and design systems. Learn how to create visually appealing, user-friendly, and interactive digital products used in modern mobile apps and websites.

Why Choose Our UI/UX Design Program?

- **Comprehensive Syllabus:** Learn UI Design, UX Research, Wireframing, Prototyping, Design Systems, and Mobile App Design.
- **Practical Learning:** Work on live projects and real-world case studies.
- **Portfolio Development:** Build a professional design portfolio to showcase your skills
- **Career Guidance:** Get interview preparation, freelancing guidance, and placement support.

Curriculum Overview

- Visual Hierarchy
- Spacing & Alignment

◆ Module 3 : User Research & UX Process

- User Personas
- User Journey Mapping
- Competitor Analysis
- User Flow Creation
- Information Architecture
- UX Research Methods

◆ Module 4: Wireframing & Prototyping

- Low-Fidelity Wireframes
- High-Fidelity Wireframes
- Interactive Prototypes
- Clickable Designs
- Mobile App Wireframes

◆ Module 5: UI Design with Figma

- Introduction to Figma
- Components & Variants
- Auto Layout
- Design Systems
- Team Collaboration

◆ Module 6: Mobile App & Web Design

- Android App Design
- iOS App Design
- Responsive Website Design
- Dashboard Design
- Landing Page Design

◆ Module 7: Usability Testing & Accessibility

- User Testing
- Accessibility Principles

- Feedback Collection
- UX Improvements
- Error Handling Design

◆ Module 8: Portfolio, Freelancing & Live Projects

- Portfolio Creation
- Behance & Dribbble Setup
- Freelancing Platforms
- Client Communication
- Resume Building

Tools, Languages, Platforms

Sample Projects

1. E-Commerce Mobile App Design

- Skills Involved: UI Design, UX Research, Wireframing, Mobile App Design, Prototyping, Figma, User Flow Design.
- Description: Design a modern e-commerce mobile application with user-friendly navigation, product browsing, and checkout experience. Students will create wireframes, UI screens, and interactive prototypes..

2. Food Delivery App UI/UX Design

- Skills Involved: Mobile UI Design, User Experience Design, Prototyping, Typography, Color Theory, Figma Components.
- Description: Create a visually attractive and easy-to-use food delivery app interface. Students will design ordering flow, restaurant pages, and delivery tracking screens.

3. Portfolio Website Design

- Skills Involved: Responsive Web Design, Layout Design, UI Components, Web Prototyping, User Interface Design.
- Description: Build a professional portfolio website design for a designer or developer. Students will focus on modern layouts, responsiveness, and personal branding.

4. Banking Dashboard Design

- Skills Involved: Dashboard UI Design, Data Visualization, UX Flow, Responsive Design, Design Systems.
- Description: Design a clean and professional banking dashboard interface with analytics, account management, and transaction tracking features.

5. Travel Booking Website Design

- Skills Involved: Web Design, UX Research, Wireframing, Interactive Prototyping, User Journey Mapping.
- Description: Create a travel booking platform with hotel search, ticket booking, and payment flow screens. Students will learn complete UX process and interface design.

Career Opportunities

By completing our Data Science Program, you'll be ready to take on key roles in the industry, including:

- UI Designer
- UX Designer
- Product Designer
- Visual Designer
- Interaction Designer
- Web Designer
- Mobile App Designer

Hiring Companies

Our graduates have found opportunities at top companies like:

- Flipkart
- VOIS
- Wipro
- TCS
- Cognizant
- Startups and Fintech Companies
